## Education

### GEORGIA INSTITUTE OF TECHNOLOGY

B.S. Computer Science, concentrations in Intelligence and Theory | Minor in Economics | 4.0/4.0 GPA

2021 – 2025 (expected)

### ATLANTA INTERNATIONAL SCHOOL

Valedictorian | 4.53/4.0 GPA | 45/45 points on International Baccalaureate exam, top 1% of global candidates awarded

2017 – 2021

## Experience

### GOOGLE

*Incoming Software Engineering STEP Intern*

*Starting May 2023*

### GEORGIA TECH COLLEGE OF COMPUTING

*Undergraduate Teaching Assistant*

Atlanta, GA

*August 2022 – Present*

- Collaborating with professor and other teaching assistants to teach Java object-oriented-programming concepts to 30 students during weekly recitations
- Grading exams and homework, writing homework assignments, and writing auto-graded unit tests in Java for 550 students
- Helping students with problem solving and code debugging during weekly office hour sessions

### ERMI

*Engineering Intern*

Atlanta, GA

*July – August 2021*

- Analyzed data and created decision trees from health insurance claims data from 1,000+ knee surgery patients using R
- Identified highest cost patients to target for non-surgical intervention

*Engineering Intern*

*July – August 2019*

- Analyzed data from a robot that diagnoses knee injuries
- Learned and used R to organize and plot datasets to assess and visualize the reliability and accuracy of the robot
- Analysis to be incorporated into research papers

### GEORGIA TECH RESEARCH INSTITUTE

*Engineering Intern*

Atlanta, GA

*June – July 2020*

- Worked in a team of 4 to develop an app that creates a Bluetooth mesh network for emergency communication
- Implemented routing algorithms in Python and Java and ran simulations to investigate network properties and stability

## Leadership and Involvement

### GEORGIA TECH FINANCIAL SERVICES AND INNOVATION LAB

*Vertically Integrated Project Research Assistant*

Atlanta, GA

*Starting January 2023*

- Developing and applying natural language processing and machine learning models for financial markets under Dr. Sudheer Chava

### CONSULT YOUR COMMUNITY

*Business Analyst*

Atlanta, GA

*August – December 2022*

- Collaborating with four Business Analysts on a pro-bono project for local sauce company in conducting market research to solidify the client's target audience and revamp web/social media strategy

*Junior Business Analyst Team Lead*

*December 2021 – August 2022*

- Led a team of 7 Junior Business Analysts in finding long term sponsors for a fast-growing local nonprofit
- Designed marketing email templates and flyers and researched and emailed 28 potential sponsors
- Provided client with 3 fitting sponsors

## Example Projects

*Ruter-Sju Card Game Bot and Monte Carlo Simulation (Personal Project)*

*December 2021 – November 2022*

- Designed and implemented algorithms in Python to play card game Ruter-Sju to investigate best game strategy
- Built a Monte Carlo simulation with 20k+ games and used Pandas and PyPlot libraries to analyze and visualize game data

*International Soccer Analytics (GA Tech CS 2316 Final Project)*

*January – April 2022*

- Analyzed what makes a professional soccer team successful across the top five European leagues
- Web-scraped and aggregated over 190k datapoints from websites and databases and created diverse visualizations in Python

## Skills

**Technologies:** Python, Java, JavaFX, MySQL, R. Python libraries Pandas, NumPy, Matplotlib, Beautiful Soup

**Languages:** Fluent in Spanish, Swedish, English

**Affiliations:** Delta Chi Fraternity (Scholarship Chair), Society of Hispanic Professional Engineers, Consult Your Community
